Our  
commitment  
to you

# A Safe, Inclusive and Healthy Educational Environment.

WE ACHIEVE THIS THROUGH OUR FOUR STRATEGIC PRIORITIES:

## Mental Health and Wellness

Student well-being and good mental health are critical foundations for student success. We are committed to creating a culture of caring and support, and recognize that improving the health of our campus is a collective effort and shared commitment. Our community of staff members, Faculty, and students are equipped with information about how to identify, respond and refer a student in distress.

## Preventing and Responding to Sexual Violence

At McMaster University, we are committed to taking action to prevent and respond to sexual violence through training delivery, active programming and critical messaging. We place the highest priority on survivor safety and ensuring that the campus is a welcoming, safe, and inclusive environment for all members of our community.

## Responsible Drinking

All events sanctioned by McMaster University during Welcome Week are alcohol-free to promote the safety and well-being of our students. Students who choose to drink alcohol during Welcome Week and orientation are encouraged to do so responsibly, set limits and should be aware of supports and resources for addressing over-consumption.

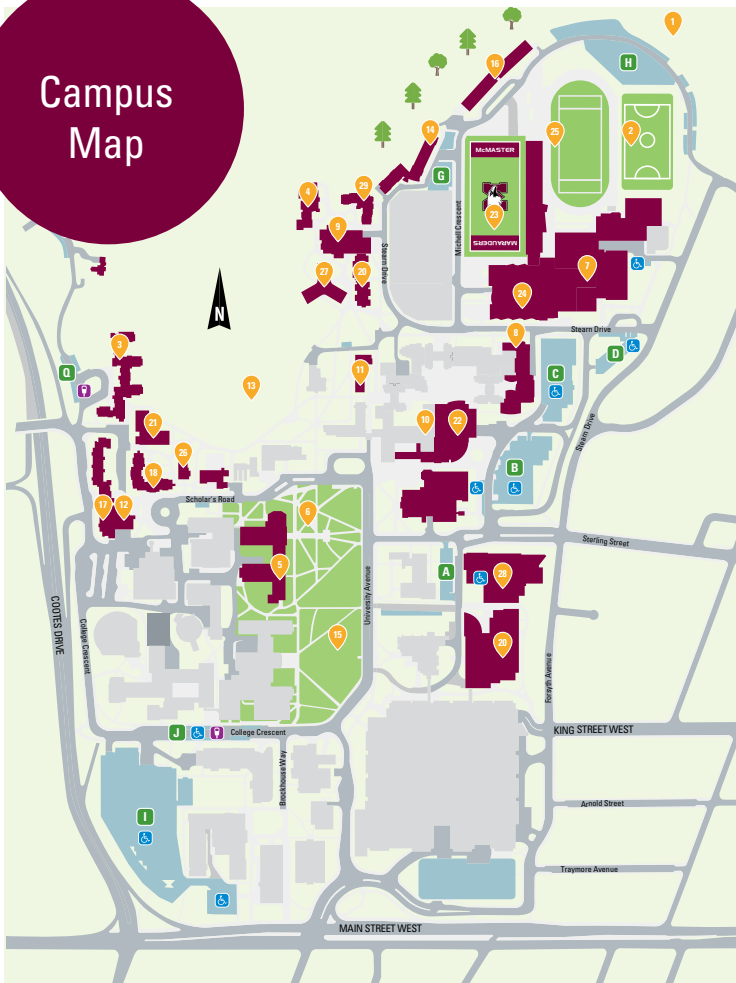

## Engaging with our Community

Community engagement is a key part of who we are as an institution. As our President shares, "McMaster has demonstrated throughout its history that outstanding academic work can be an extraordinary force for the good of human beings, society, and nature; so our task in the future must be to consolidate and deepen that contribution." (Forward with Integrity, 8)
