

EXAM STUDY PLAN

Course:	
When is the exam?	What is the exam worth?
What is your current grade?	What is your (realistic) goal for the exam?
What concepts do you need to know in order to be prepared? (Hint: Break down the material into topics, subjects, lectures, or textbook chapters, and group similar concepts into themes)	

ACADEMIC

Spread out your studying! Identify how you will spread out the course material and when you will study each topic. Be sure to save time for extra review!
